

Evolis Tattoo² card printer

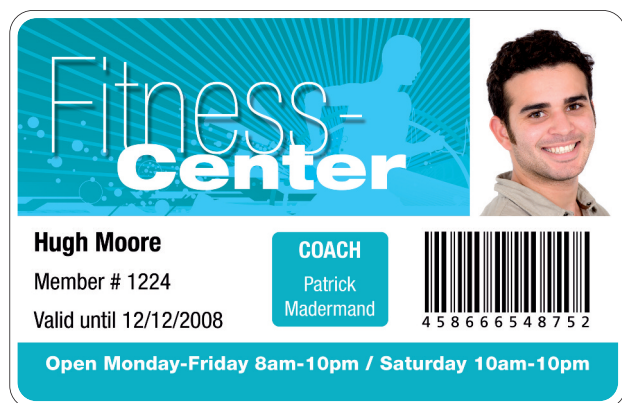

Find out how the Evolis Tattoo² printer will help you boost up your sales and profitability!

Your customers (SMEs, local authorities and public organizations, retail shops, associations and clubs) are likely to use badges and plastic cards.

The Tattoo² is the ideal printer to allow them to print any kind of badges, in colour, independently, singly or in runs.

Add the Evolis Tattoo² printer to your product offering and:

- ➔ **Make a difference** through an innovating product
- ➔ Take advantage from a **premium margin** offering
- ➔ Boost **customer satisfaction** thanks to a quality product, simple to install and use
- ➔ Earn a **guaranteed repeat business** opportunity with consumables (ribbons, cards...) and **cross-sell** your own products and services (software, warranty extensions...)
- ➔ Benefit from the expertise and support of Evolis, the **leading European card printer manufacturer**

Tattoo²: Your entry pass to small organization markets!

- ➔ **SMEs** for their visitors and employee badges, as well as business cards
- ➔ **Local authorities and organizations:** cards for public libraries, schools, day care centres and canteens
- ➔ **Sports clubs and associations** for their membership cards, licences and VIP cards
- ➔ **Retail shops** for their loyalty cards and gift cards
- ➔ **Corporate and public events** such as exhibitions, open days and festivals

Please contact us by email at info@evolis.com to discover more about the Tattoo² card printer and promotions tools, and to get the details of the Trade-Only Evolis Distributor in your country.
